1       A. Not necessarily, no. We talk to the personal  
2      trainers. And if we have the opportunity to go watch  
3      their workout, I've definitely done it before.

4       Q. Especially in the off-season?

5       A. Especially -- well, it would almost always  
6      occur in the off-season.

7       Q. Well, during that time frame, and we're talking  
8      about 2000, 2001, how -- how often -- well, withdrawn.

9                  Were you aware of any so-called supplements or  
10     items that were given by Greg Anderson to Barry Bonds to  
11     be taken internally?

12       A. I was told that he was taking vitamins that  
13     were given to him by Greg Anderson.

14       Q. Who told you that?

15       A. Barry Bonds.

16       Q. Okay. And how did that come up?

17       A. He was telling me about his overall program and  
18     that part of his program was this -- this vitamin  
19     supplement nutritional program.

20       Q. And tell us what he -- what Mr. Bonds said in  
21     describing the vitamin supplement nutritional program?

22       A. Just that they were developing a program that  
23     was specific to him; that they would take his blood and  
24     analyze it and decide which vitamins he needed and then  
25     tailor it to his particular body needs.
